THE UNIVERSITY OF TOLEDO
COLLEGE OF MEDICINE
CLASS OF 2011

- **Who:** Started by one of your classmates, John Pham, for YOU, the entire UTCOM class of 2011!
- **What:** A central place online where everyone can collaborate, communicate, etc; a personal Wikipedia 😊
- **When:** NOW! Join and utilize this tool for your entire medical school career.
- **Precedent:** The MS1 students before you started groups like this and derived extreme benefits from them. All of the content from those groups will be uploaded to your group for your benefit, as well! Plus, the more your class contributes (notes, etc), the greater the benefit!
- **Why:**
 - Find previous year's notes, lecture, media
 - Upload your own for the benefit of the class
 - Communicate with your classmates about anything and everything (school-related and otherwise)
 - Post announcements and keep up with current events
 - It is VERY important to have one place for use by your class.
- **How:**
 - <http://utcom2011.wikispaces.com>
 - Register using a current email address (so you can have full control over the notifications you receive).
 - Wait to have your membership confirmed by an admin.
